

Pablo Cruz Perez

Mechanical Field Service Engineer | Industrial Automation | Commissioning | Troubleshooting | Vision Systems

pablocruz.cns@gmail.com | +52 834 311 2021 | Monterrey, NL, Mexico | [PORTFOLIO](#) | [linkedin.com/in/pablocruzp/](https://www.linkedin.com/in/pablocruzp/)

TN Visa Holder | Eligible to work in the U.S.

PROFESSIONAL SUMMARY

Mechanical Engineer with hands-on international experience in field service, commissioning, troubleshooting, maintenance, and support of automated industrial machinery. Experienced with AGV/LGV systems, industrial sensors, LiDAR-based navigation equipment, vision systems, pneumatics, hydraulics, electrical/electronic components, vacuum systems, actuators, and PLC-based machinery. Skilled in diagnosing mechanical, electromechanical, sensor, navigation, and automation-related issues in manufacturing and customer-facing environments across North America, Latin America, and Europe

CORE SKILLS

Field service and commissioning; Machine installation and calibration; Mechanical and electromechanical troubleshooting; Pneumatics, vacuum systems, actuators, and sensors; Industrial cameras and vision systems; PLC diagnostics / interaction; Remote and on-site technical support; Customer technical communication; Preventive and corrective maintenance; Service tickets, spare parts identification, and documentation

WORK EXPERIENCE

AV Flexologic B.V. | Field & Service Engineer | Monterrey, NL / Alphen aan den Rijn, Netherlands | **Jun 2025 - Present**

- Installed, calibrated, commissioned, and troubleshoot automated flexographic plate-mounting and inspection machinery for customers across North America, Latin America, and Europe.
- Performed remote and on-site diagnostics on mechanical, pneumatic, electrical, sensor, camera, vacuum, mandrel, actuator, and motion-related machine issues.
- Supported commissioning and calibration of industrial machinery involving AI-based vision systems, cameras, sensors, actuators, mandrels, pneumatic cylinders, and machine control software.
- Prepared service communication for troubleshooting steps, spare parts identification, quotations, returns, shipping coordination, and customer follow-up.

Elettric 80 Mexico | Resident Automation Engineer | Gatorade Blue Ridge Plant | Monterrey, NL / Wytheville, VA | **Jun 2024 - Jun 2025**

- Supported operation, troubleshooting, and reliability of automated material handling systems and AGVs/LGVs in a U.S. manufacturing environment.
- Diagnosed mechanical, electrical, sensor, navigation, and automation-related failures affecting AGV/LGV performance and warehouse system operation.
- Collaborated with controls engineers, maintenance teams, operators, and international support teams to restore equipment functionality under production pressure.

John Deere Mexico | Design Engineer Intern | Monterrey, NL | **Apr 2022 - Dec 2023**

- Designed and optimized hydraulic pipe and hose routing for agricultural machinery using CAD and motion analysis.
- Reduced hydraulic line cost by 20% through a reusable hydraulic configuration adaptable to three machine variants.

SELECTED PROJECTS

Hydraulic Systems Failure Analysis & Maintenance: Developed a maintenance and failure-analysis project focused on troubleshooting, inspection points, preventive maintenance, and corrective actions for hydraulic systems.

Subaru FB20 Engine Repair Project: Performed hands-on engine repair work involving inspection, cleaning, gasket replacement, timing chain alignment, torque procedures, and startup validation.

EDUCATION

Tecnologico de Monterrey | Bachelor of Science in Mechanical Engineering | Monterrey, NL | Jun 2024

- Automotive Engineering concentration; chassis leader of an electric vehicle competition team; contributed to 1st place in Vehicle Design Category.

CERTIFICATIONS

Certified SolidWorks Associate (CSWA); Certified SolidWorks Professional (CSWP); OSHA Safety Certification; Gasoline Engine Repair Certification - ESEM

TOOLS

SolidWorks, PTC Creo, Fusion 360, ANSYS, TwinCAT 3, Beckhoff PLC environment, Siemens systems, TeamViewer, SQL basics, Microsoft Office
